

"We have received this letter from the White House and we are preparing a formal request for more information. We hope it is true the White House is going to be more forthcoming with information in the future. Governor Jindal is committed to protecting the lives and safety of Louisiana citizens. It's the most important job of our government. That is why he issued an executive order directing state agencies to utilize all lawful means to prevent the resettlement of Syrian refugees in the State of Louisiana. We look forward to seeing more information about the White House's vetting process to prevent entry of potential terrorists, but until then we will continue to oppose the resettlement of Syrian refugees in our communities." Mike Reed, Louisiana Governor's Office
